OPEN FOR WORK

PROFILE

Strategic designer with a design background in the Internet of Things. Not a classic designer, not a classic engineer: I work in between, with research, frameworks and prototypes for technology people actually live with. Interests: HCI, futures, sensing and wearables, health and sleep.

EDUCATION

2025 – 2026
M.A. Strategic Design
HfG Schwäbisch Gmünd
Thesis: SOMNIA – a framework for using lucid dreaming as a learning resource without compromising sleep. Supervised by Prof. Dr. Matthias Peissner and Prof. Dr. Julia Duwe.

2020 – 2025
B.A. Internet of Things
HfG Schwäbisch Gmünd
Thesis: PathAware – safer hiking through shared, real-time trail information.

2017 – 2019
Fachhochschulreife
IB Berufliche Schulen Reutlingen

2003 – 2017
School
Freie Georgenschule Reutlingen

EXPERIENCE

2023 – 2024
Exhibition Design · 6 months
Simple GmbH, Cologne
Content creation for BMW and the Schokoladenmuseum Köln, conception for Beiersdorf AG.

2023
UI/UX Design · 6 months
Bosch Sensortec
Internal interfaces for sensor testing.

Freelance
Social media & content
HfG Schwäbisch Gmünd · Freie Waldorfschule Schwäbisch Gmünd
Social media concepts and content creation; funnels and newsletters.

2019 – 2021
Student jobs · Logistics
Robert Bosch GmbH · Mercedes-Benz

SKILLS

METHODS

Literature synthesis, interviews, speculative design, framework development, service and interaction design, physical and digital prototyping

TOOLS

Figma, Arduino, Blender, After Effects, Premiere Pro, AI tools

INTERESTS

HCI, futures, health & sleep, ceramics, sports, art

WORKSHOPS & MORE

2025	**Workshop „Zeig deine Arbeit: deine digitale Visitenkarte“ (with Alexandra Heider), M.A. Strategic Design, HfG**
2025	**Workshop at Festool on Powertools 2035 (with Lynn Metzner, Meltem Yalaz)**
2022	**Miele Circular Economy Hackathon, Impact Hub Berlin**
2011 – 2014	**Early internships: mechatronics (Robert Bosch GmbH), social care, agriculture and surveying**
